Pastor's Message:

Make your life a Masterpiece

These days we hear the question, is not God there? Why does he not see the Covid19 pandemic affecting his dear ones all over the world? Does he not care for his children? While praying, I too asked the Lord and I got the answer! He asked me to look at the parents around us who care for their children! While they are out playing and spending time leisurely, they play. While playing, they may fall down, hurt themselves and look for help from their parents and cry, aloud. Sometimes parents rush to them and help them. Some other times, they may pretend that they do not see or listen to their call. They might overlook some of the demands of their children.

Then what happens. Children realize that they need to get up and walk or soothe themselves. They try to do it. Gradually they become strong, very strong. That is what their parents want them to do. God does the same with us. He has given us tremendous capacity to overcome many of our shortcomings. We need to help ourselves to get up and walk straight. While solving any difficulty or problem we become stronger and efficient in what we need to be. Gradually we ourselves become our own life as a Masterpiece to face any tough situations of our lives. Covid19 is also a teacher who teaches us to care for ourselves in the best way possible and help all others to live a happy life!!

God's Blessings. Fr. Thomas Kakkaniyil
